

SCHOOL DISTRICT OF ALTOONA OPT-OUT FROM STUDENT DIRECTORY DATA AND DISCLOSURES OF STUDENT CONTACT INFORMATION

(Completing this form is optional.)

The District has designated the following student information as “directory data” in order to facilitate each student’s full participation in a variety of school-related activities and publications (such as school yearbooks, acknowledging student awards/achievements, and creating programs for graduation ceremonies, athletic contests, and music/fine arts productions):

- | | | |
|---|--|---|
| ● name | ● school/grade level | ● date of birth |
| ● participation in officially recognized activities and sports | ● weight and height of members of athletic teams | ● degrees and awards received by the student |
| ● recorded images of the student (when not separately maintained as behavioral records) | ● dates of attendance (not including daily attendance records) | ● The name of the school most recently previously attended by the student |

When information is designated as directory data, it means that the School District may generally disclose the information without obtaining advance consent, provided that the disclosure is consistent with applicable District policy and with the District’s directory data notice. Please be aware that student directory data may sometimes be disclosed to third parties who are not affiliated with the School District. However, parents and guardians (and students over age 18) have the right to notify the District, in writing, that any or all of a student’s directory data may not be disclosed without advance consent.

Independent of the District’s designation of student “directory data” items, federal law separately requires the District to provide institutions of higher education and military recruiters, upon their request, with high school students’ contact information **unless** an eligible student or the parent or guardian of a minor student has opted out of such disclosures. The contact information the District is required to provide to colleges and military recruiters includes a high school student’s name, address, and telephone number, and, for military recruiters only, a student’s electronic mail address. When the terms “contact information” or “student contact information” are used in this form, they are referring to those specific data items for **high school** students.

When a parent, guardian, or adult student wishes to opt-out of District disclosures of (1) student directory data; and/or (2) student contact information to military recruiters and institutions of higher education, they should fill out this OPTIONAL form and return the form to the main office of the school in which the student is currently enrolled.

A parent or guardian (or adult student, if applicable) may use this form to make, modify, or withdraw opt-out decisions at any time, but should allow a reasonable period of time for such decisions to be processed. Unless the District provides written notice to the contrary, an opt-out decision made using this form will remain in effect until it is modified or withdrawn by an appropriate party.

A copy of the District's current directory data notice can be obtained from the District's website.

If you have questions about this form, please contact the main office of the school in which the student is currently enrolled.

- A decision to opt out of the School District's disclosure of a student's name as directory data cannot be used to prevent the school from using, or requiring the student to use, the student's name (or an equivalent identifier permitted by the school) in any school-sponsored activities (e.g., classes).
