

SCHOOL DISTRICT OF ALTOONA

809 7th Street West Altoona WI 54720

PRESS RELEASE

School District Lego Robotics Teams on the Move

Altoona, November 18, 2015. Three Altoona Lego Robotics teams are headed to regional competition in LaCrosse, WI on Saturday, November 21. Teams are comprised of children ages 9-13 who attend Altoona Intermediate School and Altoona Middle School.

This year we have one team of all female engineers coached by Jill Phippen.

Students must program a robot to complete missions related to this year's problem of trash. "Trash Trek" Lego robotics kids identify a problem with the way we make or handle trash, design an innovation solution to the problem you selected and then share the problem and solution with others.
