Altoona Showcases Maker Movement

Altoona, WI — For the 2nd year, the Altoona Intermediate School will host the school district's Annual Maker Fair TONIGHT, April 26 from 4-7 p.m. in the middle school lower gym (1903 Bartlett Ave).

The fair will showcase equipment purchased from our 2014 STEM grant funding, and will highlight STEM concepts our 4th/5th grade students have learned such as coding, Robotics and 3-D printing.

As part of our strategic plan¹ and to demonstrate these concepts at a much high level of learning, this event will also feature participation from UW-Eau Claire and CVTC students. Others have been invited and may join in.

Event Contact: Bill Steinke, Technology Education Teacher
