PRESS RELEASE

City Buses will Visit Eco Art Class at Pedersen Elementary

Altoona, July 6, 2010. As part of the “Art on the Bus” project, Eco Art students from Pedersen Elementary and the Altoona Middle School have created “eco” art from recycled materials for a special exhibition on two city buses. On July 29, the two buses will make a short stop at Pedersen from 11:15-11:30 a.m. so students can visit their traveling art exhibition.

Eco Art, taught by local artist and teacher, Paula Gorski, is one of 20+ offerings of the RAIL (Real Adventure in Learning) Summer School Program. In 2005, Gorski established “Art on the Bus” to feature unique local art in seven city buses. These exhibits have included student artwork, local photography, and historic photos from the Chippewa Valley Museum.

In its' 5th year, RAIL is a cooperative summer program between the School District of Altoona and the Altoona Parks and Recreation Department. Other 2010 class offerings for students in grades kindergarten through 6 include Mad Scientist, Math Mania, Bike & Hike, Book Making, Team Building, and Computer Craze. RAIL session 2 kicks-off on July 12 and runs weekdays through the month of July.
