2012

Region 4 (Two Nominees)

Barbara Kolpin: Barbara Kolpin has lived in Wisconsin since 1977. Barb holds BS and MA degrees in Engineering and is a licensed Professional Engineer. Barb worked for Kimberly Clark and 3M Company and retired from 3M after 35 years of full-time employment. She has been active in many community activities, including 4H, Girl Scouts, coaching, and promoting STEM careers through speaking at career fairs, seminars, mentoring and serving on the River Falls steering committee of Project Lead the Way.

Barb is an active thirteen-year member of the River Falls School Board and currently is board clerk. Barb regularly attends WASB seminars and training sessions and has served as a delegate to the annual WASB convention. She is also a member of the CESA 11 Board of Control, currently serving as the treasurer. For the past three years she has been the WASB representative to the DPI State Superintendent's Business, Marketing and Information Technology Advisory committee.

William C. Yingst: William grew up in the Durand Arkansaw area graduating from Arkansaw High School and attended the University of Wisconsin, River Falls in the field of education. I recently retired from Bauer Built Tire as Vice President of Human Resources after 30 years with the company. I feel my Human Resources experience was very helpful in planning and executing the successful consolidation between the school districts of Arkansaw and Durand.

Other areas of experience include 22 years as President of the Board of Education, coached youth baseball and T-ball, I officiated high school basketball for 23 years, 35 years of service in the U.S. Army Reserve and retired at the rank of Command Sergeant Major, and President of three other organizations.

In addition to my Human Resources experience, I believe that coaching, officiating and serving in leadership positions in the military have given me great insight as to how to handle various problems that we as board members face on a daily basis.

Track 1

9-10:25am The Supreme Court's Health Care Reform Ruling: Now What?

Kevin Clougherty and Karen Breitnauer, M3

Join us to learn how the Supreme Court's recent decision on health care reform effects your district and what measures you need to take to be in compliance with the law. We will help to break down what responsibilities fall on the districts and what insurance carriers and your broker can do to ease the administrative burden.

10:35am-12noon Listening to learn

Deb Gurke, Director of WASB Governance and Leadership Development (GoLD)

Act 10 changes have created a new leadership environment. You have more flexibility to establish conditions conducive to improving student achievement, as well as increased accountability. A key characteristic of successful leaders is their ability to listen. This session will cover some strategies to improve your listening potential.

1-1:55pm Bargaining Under Act 10

Ben Richter, WASB Legal Services Staff Counsel

While Act 10 substantially changed and limited collective bargaining, it has not eliminated it. The Wisconsin Employment Relations Commission issued new rules governing the calculation of total base wages subject to increase. This session will review board bargaining and obligations under Act 10, its impact on unions, and conduct that will still draw prohibited practice complaints.

2:05-3pm **Individual Teacher Contracts**

Ben Richter, WASB Legal Services Staff Counsel

The near elimination of collective bargaining by Act 10 elevates the importance of individual teacher contracts, which may become similar in content to administrator contracts. This session will focus on the process of drafting new contractual provisions to transition from traditional contracts to contracts that meet districts' needs in today's world.

Track 2

9-10:25am The Art (and Science) of Navigating Employment-Related Claims

Joy Gander, Gander Consulting Group

Employment-related claims are sensitive matters, and districts have faced new challenges given the evolution of Wisconsin's public employment landscape. This session offers suggestions for minimizing potential problems and mitigating those that are unavoidable. The financial safety net available to school districts for employment-related claims, Educators Legal Liability Insurance, will also be discussed.

10:35am-12noon Teacher Compensation Systems

Bob Butler, WASB Associate Executive Director and Staff Counsel

Under Act 10, districts must negotiate with unions over total base wage increases, but have the power to redesign teacher compensation systems without bargaining. What will you do with your district's teacher compensation system? This session will cover compensation system design, focusing on the aspects of teacher compensation not subject to bargaining under Act 10.

1-1:55pm **ADA Issues**

> Bob Butler, WASB Associate Executive Director and Staff Counsel; Tim Mahoney, Disability Access Consultants

In the last few years, enforcement of the federal Americans with Disabilities Act (ADA) has become more pronounced for government entities and private businesses across the country. In this session, learn about recent changes to the ADA and steps you can take to ensure compliance and limit liability.

2:05-3pm Use of Social Media by Employees

Barry Forbes, WASB Associate Executive Director and Staff Counsel

What restrictions does a school board want to place on the use of social media by staff? Social media can be a useful pedagogical tool, but has the potential to be misused. Recent decisions limit restrictions on employees' use of FacebookTM and similar applications when the use is related to union activity. This session will provide an overview of issues to consider when creating employee social media policies.

Track 1

9-10:25am

Understand and Leverage the Link Between Employee Wellness and Workers' Compensation

John Fuhs and Heidi Guetzkow, Associated Financial Group

This session will focus on the mounting evidence that supports the practice of integrating a wellness program into your District's overall risk management plan. The discussion will describe the critical elements needed to craft and implement a wellness/work comp strategy and finish with best practice methods for evaluating outcomes of the program.

10:35am-12noon Staff Investigation of Employee Misconduct

Bob Butler, WASB Associate Executive Director and Staff Counsel

This session will address the investigation process step by step, with a focus on the administration and board's role as well as due process requirements.

1-1:55pm

Administrator Contracts

Barry Forbes, WASB Associate Executive Director and Staff Counsel

This session will cover the legal issues unique to administrator contracts, including administrator contract terms, rollover provisions, renewal and nonrenewal procedures and due process issues.

2:05-3pm

Superintendent Evaluation and Team Coaching

Louis Birchbauer, Dennis Richards and David Carlson, WASB Search Services and Organizational Consultants

The continuous improvement of a school district requires an assessment of progress. Evaluation of the superintendent can set the tone for staff evaluation. This session will provide valuable insight into performance assessment as well as meaningful tips for school board members trying to evaluate school leadership. The session will also introduce a WASB Coaching Program with aspects that build the relationship between a school board and its district.

Track 2

9-10:25am

Educator Effectiveness - Working Collaboratively to Build Capacity

Pat Deklotz, Kettle Moraine School District

Districts across southeastern Wisconsin have joined forces to collaboratively improve student achievement through critical conversations among educators. Working together, they have developed a model for sharing what works and analyzing issues that are problems. Focused on improving student achievement through highly effective teachers and principals, this consortium has been an influential partner in the state's developmental model for Educator Effectiveness. Learn what

they are doing and how it may benefit your organization.

10:35am-12noon CESA 6 Effectiveness Project

Keith Fuchs and Cheryl Malaha, CESA 6

As schools move forward toward higher accountability, professional evaluation systems will be the linchpin to student success. In this session, participants will examine a performance evaluation system that provides efficient, clear, concise evaluations; learn about the importance of standards-based, performance-driven evaluations that address both effective practice and student outcomes; and understand the legal necessity of having an effective professional evaluation system.

1-1:55pm Challenging Policy Issues Related to Employee Handbook Development and Administration

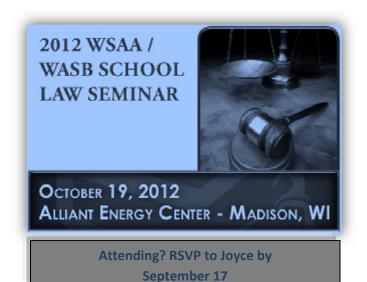

Craig Hubbell, WASB Staff Counsel

This session will cover some of the policy challenges that have resulted from the adoption and implementation of employee handbooks - such as modifying a handbook without board approval and deviating from existing handbook provisions along with payroll and vesting issues. The presenters also will identify several new laws affecting handbooks and policies.

2:05-3pm Teacher Nonrenewal

Craig Hubbell, WASB Staff Counsel

This presentation will review the basics of nonrenewal of teacher contracts and include guidance on the application of constitutional protections and discrimination laws. We also will discuss just cause provisions in collective bargaining agreements entered into prior to June 29, 2011, the open meetings law as they relate to the nonrenewal process, and alternatives to nonrenewal.

Avoid costly mistakes in today's ever-changing and perilous legal environment. Hear the latest information about key statutory changes and new court rulings that affect the daily governance of your school district.

The WASB and the Wisconsin School Attorneys Association (WSAA) co-sponsor the School Law Seminar.

Re: Race to the Top Memorandum of Understanding

Participants:

Attached are the following documents:

- 1. Memorandum of Understanding (includes primary signature page for Superintendents, Boards and Union Leadership)
- 2. Exhibit A: Consortium Members*
- 3. Exhibit B: LEA Level and Scope of Participation*
- 4. Attorney Letter of Support

Exhibits A and B are drafts that <u>will be revised</u> over the next few weeks based on district decisions regarding participation. Final versions of Exhibits A and B will be forwarded to Superintendents shortly. These documents should accompany the Memorandum of Understanding with signatures by the Superintendent or District Administrator, Board of Education and Union Leadership. <u>These should be returned to CESA 10 no later than October 11th.</u>

It is recommended that each of the documents enclosed be shared with your Board and Union Leadership; however note that the final versions of Exhibits A and B (the latter including the Superintendent/District Administrator's signature) may not be available at the time your Board of Education meets to approve the Memorandum.

The Memorandum has been reviewed by our attorneys at Weld, Riley, Prenn & Ricci. We are hopeful that the enclosed letter is helpful as you consider approval; however, please do not hesitate asking your district counsel to review the document as well.

Please also note that, should the consortia's application be approved, it is likely additional revisions may be necessary.

If you have any questions, please let me know. I can be reached at 715-720-2079 or mhaynes@cesa10.k12.wi.us.

Evers to request ACT suite for high school accountability and career planning

Proposal part of Agenda 2017

MADISON — All Wisconsin public high school juniors would take the ACT college admissions test under an education budget initiative that would include the four-test ACT suite for career planning and accountability.

State Superintendent Tony Evers announced the proposal, which is part of his 2013-15 education budget request, at a press conference in Pewaukee on Wednesday. "We need to give our students and their families better resources to plan for study and work after high school," Evers said. "It makes sense to use the ACT to fulfill state and federal testing requirements at the high school level with an exam package that provides so much more than the WKCE: college and career readiness assessments and a college admissions test score."

Under the plan, all public school ninth-grade students would take the ACT EXPLORE assessment in spring of the 2014-15 school year. The ACT PLAN would be administered in 10th grade and the ACT and WorkKeys assessments in 11th grade. The cost for the state to administer the four tests would be approximately \$7 million. The ACT would replace Wisconsin Knowledge and Concepts Examinations (WKCE) for mathematics, reading, and English language arts administered to 10th-graders in the fall. The ACT assessment package will add growth measures and improve college and career readiness measures for Wisconsin's new accountability system.

ACT has decades of experience measuring academic achievement and career aspirations and is the preferred college admissions test in Wisconsin. Currently, about 61 percent of public high school graduates take the ACT at some time in high school. At least 12 states use the EXPLORE, PLAN, and ACT as part of their state testing program, and five states use WorkKeys in their state testing program for 11th- and 12th-grade students.

The EXPLORE assessment is designed for students to explore both high school and post-high school options, helping to identify strengths and areas where intervention may be needed. The 10th-grade PLAN helps students continue coursework selection and planning for college and career readiness. Both assessments prepare students to take the ACT. The ACT is benchmarked for college readiness; providing a minimum score that yields a likely passing grade in credit-bearing college coursework.

"States that have adopted the ACT have found 'diamonds in the rough;' students who had the skills to go on to college or a high-skills trade, but were not considering that as an option," Evers said. "Additionally, administering the ACT suite will help us intervene early. It is too costly for students, their families, and our colleges and universities to provide remedial coursework to high school graduates who are not ready for postsecondary studies," Evers said. "Through the ACT suite, we will strengthen the link between high school and our technical college and university systems because we will have better resources to guide students in their high school course selection and postsecondary plans."

Currently, parents and a few school districts pay the cost for students to take the ACT. Students in many rural districts lack easy access to a certified ACT testing site. The ACT proposal would train school staff and certify every high school as an ACT testing center. Costs for 11th-grade ACT testing would be paid by the state and used for state and federal accountability requirements. Students who take the ACT a second or third time to improve their score for college admissions purposes would bear the cost of each additional assessment.

WorkKeys provides a job skill assessment that helps students prepare for the workforce whether they plan to go directly into employment, train for a trade, or pursue a technical college or university degree before working. "We expect all students will enter the workforce after high school or college. Helping them prepare for that reality makes sense," Evers said.

Wisconsin is among states that award a National Career Readiness Certificate based on results of three WorkKeys assessments: Applied Mathematics, Locating Information, and Reading for Information. As of May 2012, Wisconsin had issued 5,027 National Career Readiness Certificates. Access to the WorkKeys assessment is available at four workforce development centers, four job and career centers, and five technical colleges. Students who successfully complete the WorkKeys assessment will be eligible for a National Career Readiness Certificate.

"This budget proposal will meet the demand for accountability that matters," Evers said. "The ACT suite will provide multiple measures of student achievement that give a picture of individual and school growth for high school accountability. Additionally, by providing more career planning resources, we will do our part to meet the demand for more students with technical skills for manufacturing and other high skill careers that industry says is currently unmet."

Agenda Preparation

Regularly scheduled Board agendas shall be prepared by the Administrator and Board President and shall be distributed to the Board of Education members at least two working days before the regular meeting.

Items to be included on the agenda must be given to the Administrator or Board President by the Tuesday preceding the next regularly scheduled Board meeting.

Each regular Board meeting agenda shall include a period for public comment, which shall be included in the public notice of the meeting. The notice will include the following guidelines: "All remarks are to be addressed to the Board; members of the public may not discuss among themselves as an audience. Board members may ask questions of a speaker; however, no formal deliberations are allowed at this time."

A consent grouping may be placed on the agenda for those items which are routine in nature or which would not be likely to require discussion or explanation as to the reason for Board action.

Public Notice

Public notice of the subject matter of Board meetings shall be given in accordance with the requirements of the Open Meetings Law.

Consistent with the requirements of the Open Meetings Law, the Board shall refrain from engaging in any information gathering or discussion and from taking any action on any subject matter that is not appropriately within the scope of the items of business that have been included on the public notice for the meeting. This does not preclude Board members from asking for clarification or commenting on an issue raised by a speaker during the public comment period.

ADOPTED: 06/01/81

AMENDED:

Items that are given to the Administrator or Board President to be placed on the agenda for action consideration shall be screened so the board does not become bogged down with inappropriate items. The questions to be asked are:

- Is the School Board legally required to act on this matter?
- Is the School Board required by Board policy to act on this matter?
- Is the School Board required by a collective bargaining agreement to act on this matter?
- Could the matter be handled administratively?
- Should this matter be referred to a staff member or committee before it is referred to the full School Board?
- Can School Board members be informed of this matter in some other way?
- Is this matter in the "call" of the special meeting?
- Is this matter important for School Board leadership in the school district?

Consent Agenda Guidelines

A consent grouping may be placed on the agenda for those items which are routine in nature or which would not be likely to require discussion or explanation as to the reason for Board action. All items placed on the consent agenda will be acted upon under a single motion. Before initiating any vote on the consent agenda, the presiding officer shall ask whether any individual Board member desires clarification on any item, and whether any individual Board member wishes to remove any item from the consent agenda for separate consideration. After clarifications have been provided and separations made, the presiding officer will call for a second on a motion to approve all of the items of business consolidated under the consent agenda, as amended by any separations, and the Board will then vote on the consent agenda. All items removed from the consent agenda will then be considered separately.

Approved:

Special School Board meetings shall be held upon the written request of any Board member. The request shall be filed with the Board Clerk or in his/her absence, the Board President.

The Clerk, or his/her designee, shall ensure that every member of the Board receives written notice of the time and place of any special meetings at least 24 hours prior to the meeting. If for good cause this is impossible or impractical, shorter notice may be given but never less than two hours in advance.

The Administrator of Schools may request a special meeting with proper notification of all members at least 24 hours prior to such meeting, or as required by state statute.

All special meetings of the Board shall be designated by a resolution or in the notice of the special meeting.

All School Board members will be held in compliance with the requirements of the open meeting law. Three members present and voting shall constitute a quorum. No business shall be transacted at a special Board meeting other than that specified in the notice of the meeting.

ADOPTED: 02/11/91

AMENDED:

The School Board may meet in closed session only to address subject matter within the scope of the state statutes that authorize the holding of closed sessions. No discussions of any matter shall be held and no action of any kind, formal or informal, shall be taken by the Board while in closed session, except as authorized by law.

In order for the Board to convene in closed session, a motion must first be made in open session and carried by a majority vote in such manner that the vote of each individual Board member is ascertained and recorded in the minutes. In connection with this motion, and prior to any vote to convene in closed session being taken, the presiding officer of the meeting shall announce to the Board and to those present at the meeting the nature of the business to be considered in closed session and the specific statutory exemptions authorizing the closed session. In accordance with state law and established District procedures, the meeting notice and the presiding officer's announcement shall describe the subject matter that is proposed for consideration in the closed session. The minutes of the meeting shall incorporate the presiding officer's announcement.

The Board shall not commence a meeting, subsequently convened in closed session and thereafter reconvene again in open session within 12 hours after completion of the closed session unless public notice of such subsequent open session was given at the same time and in the same manner as the public notice of the meeting convened prior to the closed session.

LEGAL REF.: 19.84, 19.85, 120.11(4) Wisc. Statutes

ADOPTED:

The Board President, or in his/her absence the Vice-President, shall preside at all regular and special School Board meetings and call the meetings to order. The Board President, like any other Board member, has a duty to vote on all matters coming before the Board in the absence of an appropriate reason to abstain from voting (e.g., a conflict of interest).

A majority of the members of the Board (three members) shall constitute a quorum for the purpose of conducting Board business, except that a larger number of Board members may need to vote in favor of a motion in order for the Board to take action on those limited items of business which, by statute or policy, require approval by other than a standard majority vote. In the absence of a quorum, the only official action that the Board may take is to adjourn the meeting to another time and/or date.

Action on any item of business will be taken by motion. In this policy, the term "motion" is intended to include any "resolution" of the Board.

Business shall be conducted at regular and special Board meetings according to Robert's Rules of Order applying to small boards, except as otherwise provided by law or the Board. However, the failure to follow Robert's or any other local procedural rules that have been set at the discretion of the Board shall not, standing alone, be construed to render any decisions made by the Board void, voidable, or otherwise invalid.

Rules for Meeting will be included as an agenda item. The Board President or chair will announce that Robert's Rules will be followed.

AMFNDFD:

Votes on motions shall be taken by roll call vote or by other voting method that allows for the ascertaining and recording of the individual vote of each Board member as required by law or when requested by any member of the Board. Voting by roll call shall be initiated by the Board Clerk, or designee, and members shall respond as their name is called. The order of voting shall rotate, except that the Board President or other presiding officer shall vote last. The results of voting shall be recorded by the Board Clerk, or designee, who shall announce the results to those present at the meeting if the results are not apparent.

Voting by secret ballot may only be used only in the election of Board officers.

A motion is passed/adopted when a majority of the members voting have cast their votes in favor of the motion, except as otherwise required by law or by the Board. For example, state statutes require a majority vote of the full membership of the Board to employ most licensed/certified employees of the District who hold individual employment contracts, and a two-thirds vote of the entire membership of the Board is required to change the appropriations stated in the District's previously-adopted annual operating budget.

Members may abstain from voting on a matter but must announce their abstention. No board member may cast a vote by proxy or by absentee ballot.

No action of the Board shall be deemed void, voidable, or otherwise improper solely due to a failure to adhere to discretionary voting procedures set forth or incorporated within Board policy.

The minutes shall constitute the official record of proceedings of the Board and include the substance of all actions taken by the Board at the meeting, including the subject matter of any motion, the persons making and seconding the motion, and the votes taken on the motion.

The minutes shall not present value judgments as to any reports or presentations made at the meeting and shall not attempt to include a complete description of all the discussion engaged in at the meeting.

Copies of the proposed minutes shall be made available to all Board members prior to the Board meeting at which the minutes are to be approved. Board members shall have the opportunity to offer corrections to the minutes for clarification purposes and accuracy, however, cannot make corrections to the minutes that actually change what took place at the meeting.
